To Whom It May Concern:

I am currently a student in the Master of Security Science degree program. I am requesting consideration of my application for the prior experiential learning credit program.

I have included all the appropriate documentation to demonstrate my prior experiential learning. I feel confident that the evidence submitted will prove how I have learned through my certifications achieved.

Thank you for your time and Consideration.

Sincerely,

3. Your educational Goal Statement

(Describe your career, personal and educational goals.)

4. Your autobiography

(Write a short autobiography focusing on past professional and personal learning in the field of IT Security)

5. Narrative

(This is an overview of the skills learned on each certification you are submitting for transfer credit. Focus on the learning objectives for the certification and how they align with the objectives for the MSS program.
